Let the games begin

The 2007 Northwest Region “Fordahl Motorsports” Championship series is off and running. The first event was held on April 1 (no foolin’) at Bremerton Motorsports Park under sunny skies, but cool temps. Check out the details on the NWR Web site under “Event #1 Results” and read event chairman Joel Ferguson’s account on Page 2.

The day before, 50 novice coneheads

Dancing with Cones

ASSISTANT RE, SOLO**

attended our Solo driving school at Bremerton. While some of the early runs were wet, most of the day was dry and sunny. As the students’ skills progressed, times fell dramatically and the

smiles grew. Entry into the school included registration in event No. 1 the next day, and the majority of the students took advantage of the opportunity to compete for novice trophies from Jim’s Detail Shop.

Event No. 2 will be on May 20 at Packwood, with a practice day on Saturday, May 19. Memorial Day weekend will feature the traditional combo of Bremerton events, with SCCA No. 3 on Sunday, May 27 and BSCC No. 3 on Monday, May 28.

Atwater National Tour

The second of the West Coast National tour events was held on April 14 and 15. As usual, the Northwest Region was well represented, with several drivers bringing home trophies. Weather conditions were more like Seattle than the usual for the California central valley — cool and windy on Saturday, with some rain, then warmer but even windier on Sunday. Nevertheless, the grippy con-

Geoff Clark won the STU class at the Atwater National Tour stop.
