

Region's business is getting back on track

Since we had technical issues with the May issue of Northwest SportsCar News this report incorporates both of my articles for May and July.

We have finally gotten close to finishing the transition in administrations. The financial audit should be complete by the end of April and all accounts properly transferred to the correct treasurers.

Solo has had its first event which looked quite successful when Sherri and I dropped in for a bit to check out the SCCA revetment and see how things were going. We also had a very successful Street Survival weekend at the end of March and are looking for locations to have more this year.

REGION REPORT

TOM MASTERSON
REGIONAL EXECUTIVE

By the time you read this, Pacific Rally Group will have had the Olympus Rally, which has returned to Western Washington.

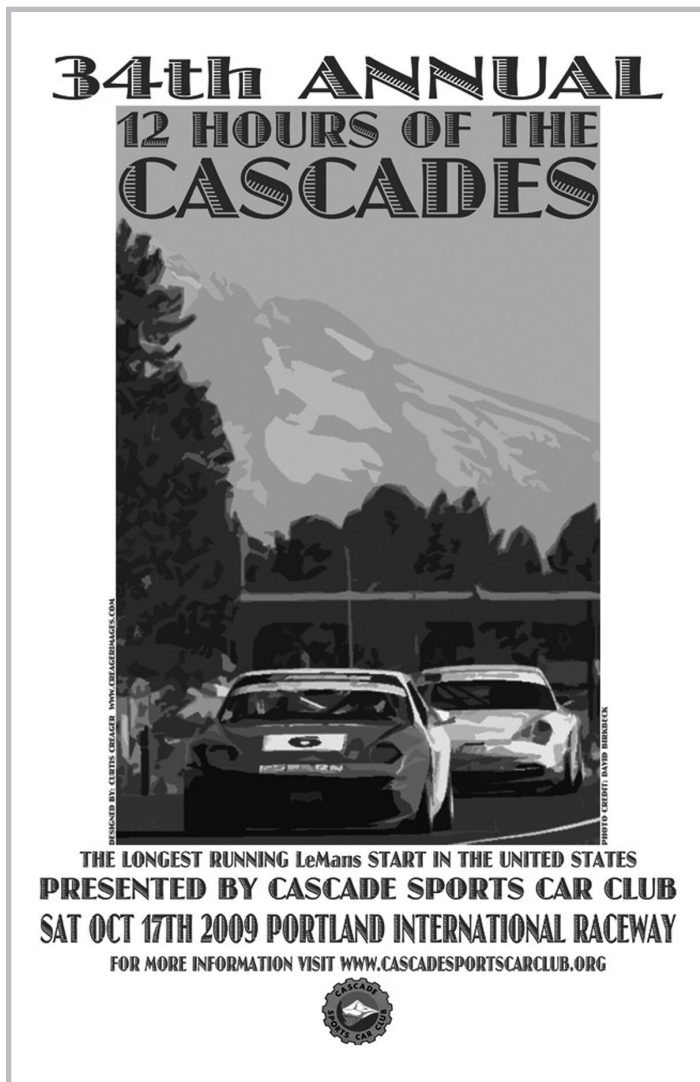

Race hosted their first event with Time Trials on May 2 and 3 at BMP, followed by Double Nationals on Memorial Day weekend at Pacific Raceways.

The region is also looking at hosting another convention again in 2010 so that we can train our people and help the smaller regions around us. We have completed the rewrite of the bylaws and should have our Policies and Procedures revised by the May Board Meeting.

At our April board of directors meeting Bill Deoneuseu resigned as Assistant Regional Executive. As a result, that position was open. At the June meeting, I appointed John Forespring as assistant regional executive as he has the experience of how and what the region is doing. Tracy Manspeaker has agreed to take John's remaining term as board member at large. Welcome Tracy and thank you. Both of these positions will be up for election at the end of this year.

At the end of 2009, the position for Area 13 director will be available. Howard Allen is termed out and this position is available for anyone being a member in good standing of SCCA and Area 13. Area 13 represents Northwest, Oregon, Arctic Alaska, Big Sky, Montana and Southwest Montana regions on the National Board. It does involve travel and preferably knowledge of all venues of SCCA (Since Area 13 covers all the venues). A form (available from Rick Myers rmyers@scca.com at National) that includes 20 members in good standing received at National office by Oct. 1 will get your name on the ballot. It would be great to have someone from NWR represent us on a National level. If you are interested in doing this I would be glad to answer any questions you might have.
